

## Hans Merensky Hotel & Spa

Phalaborwa, Kruger National Park

Nestled in the Lowveld's Olifants River Valley at Phalaborwa, neighbouring the world renowned Kruger National park, is the extraordinary Hans Merensky Hotel & Spa. Here guests can experience a blend of relaxation and luxury accommodation, coupled with sport and conference facilities, including an award winning golf course. The Hotel's carefully planned facilities and leisure areas are designed to provide you with an unforgettable experience of Africa at its finest. Exquisite landscaped gardens merge seamlessly into the African bushveld, bringing a sense of safari and exhilaration, offset with restful luxury and elegance.

### Background information:

The resort is named after the prospector, conservationist and philanthropist, Hans Merensky, who discovered rich deposits of copper and phosphates in this area, as well as gold, diamonds, chrome and most of the world's platinum reserves elsewhere in Southern Africa. His legacy lives on in the conservation and forestry projects sponsored by the foundation he created.

### Accommodation

The Hotel consists of 100 Hotel Rooms, 31 Chalet Rooms, 5 Self Catering Units (each unit has 2 bedrooms) and 2 Junior Suites, furnished with locally manufactured sleeper wood furniture.

The rooms epitomise luxury whilst you can also opt for a family room, boasting comfortable sofa beds for children. The bathrooms are spacious, comprising separate walk-in showers.

There's nothing quite like waking up to the twittering of birds and looking out at the African sunrise to discover a herd of impala grazing lazily at one's doorstep.
